My Inventory Software

Pricing & Upgrade Policy

The pricing for the Single User (1 machine install) edition is $995.

The pricing for the Multi User (5 machine installs) edition is $1895.

The pricing for the Unlimited (Unlimited machine installs) edition is $4995.

>> You can update to either Multi User or Unlimited versions by paying the difference between the Single User plus a $100 admin fee.

>> Also, you can update to the Unlimited version by paying the difference between the Multi User plus a $100 admin fee.

Additional licenses when bought separately to add to the Multiuser Edition are $395 each. However, if you were to buy in bulk (a few at a time) we can offer you special pricing.

Eg: $690 for 2 ($345 each), $1475 for 5 ($295 each), $2450 for 10 ($245 each).

>> License for an extra PC is $395. (You must have the Multiuser edition first.)

>> A replacement license for a Single PC User is also $395.

Pricing & Upgrade Policy Explained:

Our policy is that every NEW PC (or a REBUILD) requires a NEW and/or additional License. ($395) Licenses are not transferrable.

NOTE: We only reissue keys for an existing PC if it has crashed, been restored and the software needs to be reinstalled.
